- 10.2 If a student fails to secure a pass in a theory course (except electives) / laboratory courses, the student shall register and appear only for the end semester examination in the subsequent semester. In such case, the internal assessment marks obtained by the candidate in the first appearance shall be retained and considered valid for all subsequent attempts till the candidate secures a pass. However, from the third attempt onwards if a candidate fails to obtain pass marks (Continuous Assessment + End Semester Examination) as per clause 10.1, then the candidate shall be declared to have passed the examination if he/she secures a minimum of 50% marks prescribed for the university end semester examinations alone.
- 10.3 If a student fails in the ESE examinations in the Final Project work the student shall resubmit the Project Report within 30 days from the date of declaration of the results. The resubmission of the project report and the subsequent viva-voce examination will be considered as reappearance with payment of exam fee. In case the student does not resubmit the project report within the 30-day period, or again fails in the subsequent viva-voce examination after resubmission of the report, the student shall re-register for the project work in the subsequent semester and redo the project.
- 10.4 The passing requirement for all courses which are assessed only through continuous assessment is 50%.

11. AWARD OF LETTER GRADES

- 11.1 The award of letter grades will be decided using relative grading principle except Laboratory Courses and Project Work. The performance of a student will be reported using letter grades, each carrying certain points as shown in Table 9:

Table 9: Award of Letter Grades

Letter Grade	Grade Points*
O (Outstanding)	10
A + (Excellent)	9
A (Very Good)	8
B + (Good)	7
B (Average)	6
C (Satisfactory)	5
RA (Re-appearance)	0
SA (Shortage of Attendance)	0
WD (Withdrawal)	0

'U' denotes Reappearance registration is required for that particular course.

'SA' denotes shortage of attendance (as per Clause 6) and hence prevented from writing end semester examination.

'WD' indicates withdrawal from the course.

11.1.2 (a) Relative Grading

For those students who have passed the courses (all theory and EEC courses except laboratory courses / Community Engagement / Summer Internship / Project Work), the relative grading shall be adopted, subject to the strength of students who have met the passing requirements is greater than 30.

The marks of only those students who have the minimum required marks (as per Clause 10) from both continuous assessment and ESE, shall be the inputs in the software developed for relative grading. The evolved relative grading method normalizes the results data using the BOX-COX transformation method and computes the grade range for each course separately and awards the grade to each student.

11.1.2. (b) Absolute Grading

In all the courses, for those students who have the minimum required marks (as per Clause 10) from both continuous assessment and ESE, if their strength is less than or equal to 30 then the absolute grading shall be followed with the grade range as specified in the Table.

For the Laboratory courses, Community Engagement, Summer Internship and Project Work, the absolute grading procedure shall be followed as given in the Table 10 irrespective of the class strength.

Table 10: Grade range for absolute grading

O	A+	A	B+	B	C	U
91 - 100	81 - 90	71 - 80	61 - 70	56 - 60	50 – 55	< 50

11.2 The grades O, A+, A, B+, B obtained for the one / two credit course shall figure in the Mark sheet under the title '**Value Added Courses**'. The other grades U, SA **will not figure in the mark sheet.**

12. GPA AND CGPA CALCULATION

12.1 After results are declared, Grade Sheets will be issued to each student which will contain

the following details:

- the list of courses registered during the semester and the grades scored.
- the Grade Point Average (GPA) for the semester and
- the Cumulative Grade Point Average (CGPA) of all courses registered from first semester onwards.

During each semester, the list of courses registered and the grades scored in each course are used to compute the Grade Point Average (GPA). GPA is the ratio of the sum of the products of the number of credits of courses registered and the grade points corresponding to the grades scored in those courses, taken for all the courses, to the sum of the number of credits of all the courses in the semester.

$$GPA = \frac{\sum_{i=1}^n C_i GP_i}{\sum_{i=1}^n C_i}$$

Where C_i - is the Credits assigned to the course

GP_i - is the grade point corresponding to the letter grade obtained for each course

n - is number of all Courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.

CGPA will be calculated in a similar manner, considering all the courses enrolled from first semester. "U" and "SA" grades will be excluded for calculating GPA and CGPA.

12.2 Credits earned through one / two credit value added courses shall not be considered for calculating the GPA or CGPA.

12.3 If a student chooses to study more than the required number of electives as per the student's programme curriculum, the courses with higher grades alone will be considered for calculation of CGPA.

12.4 In the consolidated grade sheet, the CGPA earned shall be converted into percentage of marks as follows:

$$\text{Percentage of Marks} = \text{CGPA} \times 10.$$

13. ELIGIBILITY FOR THE AWARD OF DEGREE

13.1 In the consolidated grade sheet, the CGPA earned shall be converted into percentage of marks as follows:
